### SCHEDULE OF BENEFITS

This Schedule of Benefits summarizes the coverage available under Your Health Choice Insurance Co. EOC. This Schedule of Benefits should be used with Your EOC for a complete description of Your benefits, exclusions, limitations and provisions. The following chart will assist You in identifying Your Cost Share, maximum benefits and other important information about Covered Benefits as described in Your EOC. In the event of conflict, the EOC shall prevail.

All Covered Benefits, except Emergency Services, must be provided by or through the Member's In-Network Primary Care Provider (PCP). A PCP may be a Physician of internal medicine, family practice, general practice or Pediatric medicine; or may be a Nurse Practitioner or Physician Assistant. Each Member of a family may choose a different PCP. If You need to see a Specialist, Your PCP can help You find one and must submit a Referral for Prior Authorization to Health Choice Insurance Co. Treatment by a Specialist is a Covered Benefit only after Prior Authorization. If You see a Specialist before the approved Prior Authorization is in place, You are responsible for payment of this Treatment. Female Members may see a obstetrician/gynecologist (OB/GYN) Provider without a Referral or Prior Authorization.

Your Cost Share shown in this Schedule of Benefits as Deductible, Copayment and Coinsurance indicate the amount of the Eligible Expense You are required to pay.

**Prior Authorization:** Specialist visits and some Covered Benefits require Prior Authorization. See Your EOC for further information regarding Prior Authorization. If You see a Specialist or receive Treatment before a required Prior Authorization is in place, You are responsible for payment of this visit and any Treatments.
